Langley is fast losing ground in the tenth. At Beaufort last week he was met with a fair sized crowd, and the next day he was received by publicans as well as Democrats who are flocking to hear Floyd Byrd, and they are going to send him to Congress. Now more than 100 Aldermanic men of the Taft administration. Langley is a "weakling" who stood by his trusty men of the tenth to send him to Congress to help pile up the trust papers.

"Uncle Poey" Bottrell comes out in the tenth. At Milford Signal with one of his boys, he was received with a standing ovation by the people of the eighth to support Hugh Miller, of Rockcastle against Harriet. He is reported to be a Democrat, but is supporting Miller, maybe "Uncle Poey" is about all in. In due gone by his "trust" was real and strong but he is in the mud builder's close now but he is a winner.

All My Pimples Gone
Girl Cleared How a Bucky Skin

Wash

"I was ashamed of my face," writes Mrs. Emma Pickard of Alton, Illinois, N. C. "I had all the pimples and acne scars, but after taking D. D. D. Prescription I can say that now there is no sign of that Eczema, and that was there for years."

D. D. D. has become so famous as a cure and instant relief of Eczema that we have received many letters from those who value it so much, saying that its value is sometimes overlooked in clearing up rashes, pimples, blackheads and all other minor forms of skin irritation.

The fact is, while D. D. D. is so penetrating that it is able to penetrate the very deepest of any serious trouble, the soothing Oil of Wintergreen, Thymol and other ingredients are so strong that when there is no wash for the skin made that can compare with this great household remedy for every kind of skin trouble.

D. D. D. is pleasant to use, perfectly harmless to the most delicate skin and a real tonic. A 25 cent bottle will give you positive proof of the wonderful effectiveness of this remedy.

Cotton Seed Meal.

Until about four years ago cotton seed were thrown away, burned up, used by some as a fertilizer, but generally regarded as being worthless, while today cotton seed bring many dollars to the purse of the Southern planter and the products therefrom.

Cotton seed meal has attracted much attention in the feeding world in the past few years, and each year some food expert discloses some new use for this valuable commodity. Twenty years ago it was an extremely difficult matter to interest a cattle feeder sufficiently to even give cotton seed meal a fair trial, today it is a hard matter to find a practical cattle feeder who does not use cotton seed meal.
